# Solutions That Perform

For over 100 years, Simoniz has been a leading manufacturer of cleaning products for the commercial, institutional, industrial and automotive markets.

Founded in 1910, Simoniz products were originally based on a cleaner and carnauba wax for car finishes. Recognizing the potential market in household products, the Simoniz Company entered into the floor wax business in 1942 with Simoniz Non-Scuff Floor Wax and later, Simoniz Vinyl Floor Wax, both of which revolutionized the floor wax market. Simoniz slogans, "the self-polishing floor wax" and "it shines while it dries" were seen, heard and recognized by millions of Americans. In 1954, Simoniz extended its floor care line with furniture polishes, cleaners and sponges that were formulated and packaged for business and public large-volume users.

Today, Simoniz manufactures over 3000 cleaning products for the widest spectrum of workplace environments. Our floor care, laundry, food service, hand care products, disinfectants, and all-purpose cleaners are widely used in hospitals, nursing homes, schools, food service establishments, and manufacturing plants.

Our chemical laboratories are staffed by professional chemists and engineers who have formulated the country's most extensive line of professional cleaning products that are distributed coast to coast. We pride ourselves on the quality of our products and our commitment to the research and development of products and systems that will clean and protect a wide range of hard surfaces more efficiently and safely.

Simoniz quality products are manufactured and supported by our two state-of-the-art manufacturing and distribution facilities totaling over 400,000 sq.ft. which includes modern decorating and silk screening capabilities, high speed filling lines, bulk storage tanks, quality engineered material handling systems and a climate controlled environment that insures cleanliness and productivity.

Simoniz products are supported by our experienced sales and service staff who are all certified "Green and Clean". When it comes to cleaning and protecting, Simoniz is the brand preferred by millions of professionals worldwide.
